

THE KOÇ SCHOOL
ENVIRONMENTAL, OCCUPATIONAL HEALTH and SAFETY POLICY

One of our foremost goals as an educational institution is to contribute to ensuring a high sensitivity for the environment as well as respect for nature and man in our students.

In addition to this, we are also responsible for providing a safe and healthy environment for everyone in our campus, for decreasing the damage we inflict on the environment, for contributing to and protecting the balance of nature on our campus.

Our students, their parents, our employees, visitors, suppliers and sub-contractors are included in our responsibility.

Within the scope of our Environmental and Occupational Health and Safety Management System, we declare and undertake to:

- Provide a healthy and safe work environment on campus in order to prevent injuries and health problems and fight against epidemics,
- Eliminate dangers and reduce risks by managing the OHS risks,
- Consult the employees and their representatives and ensure their participation,
- Protect the environment,
- Prevent the harm we give to the environment and the pollution caused by our activities in order to protect the flora and fauna surrounding us,
- Comply with the requirements of the environmental, occupational health and safety laws we are liable to and the conditions of the group and institutions we belong to,
- And improve our systems continuously.
